Children's and Youth Ministry

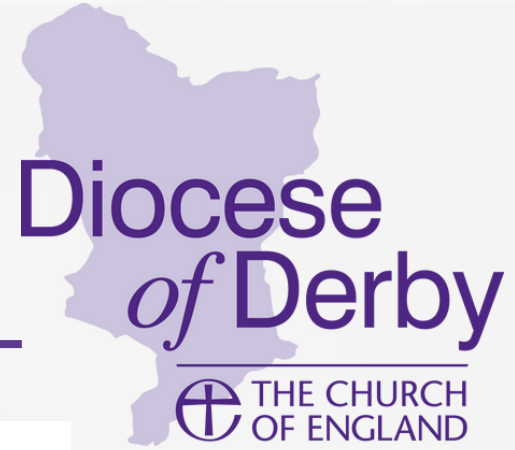

- What do people think of children's and youth ministry?

Does kids or youth work make a difference? Does anyone value younger generations in the church? Whose role is it? How should clergy be involved? Or what do parents think? We want to find the answers to some of these questions by asking a wide range of people for their views about ministry with children, youth or families.

So, anyone who grew up attending church...or church leaders...or Christian parents and grandparents...or volunteers or paid kid or youth team, family workers, regional or national workers, chaplains, schools ministry, and even those who are no longer involved in these ministries.....We want to hear about your views and experiences as part of CYM's research: *Taking the pulse of ministry amongst children, youth and families!* [Please spend 4mins completing our online survey to share your views. Everyone who participates has the opportunity to win a £50 Amazon voucher.](#)

This has come from Sarah Holmes from [The Institute for Children, Youth & Mission](#)

The Growing Faith Foundation

Growing Faith is the movement that exists to put children, young people and families instinctively at the heart of all the mission and ministry of the Church by changing the culture of the Church of England.

They run a series of networks which might be of interest. These usually take place on line and offer peer to peer support.
