

Schools Partnership Agreement Autumn 2026 – Summer 2027

The vision of the Derby Diocesan Board of Education (DBE) is to support our schools to transform the lives of children and young people; grow faith and build community. Living out the values of **generous faith**, **courageous hope** and **life-giving love**, Derby DBE will support our diocesan family of schools to offer:

- life-giving, life-changing learning through excellent education, shaped by a distinctively Christ-like vision and ethos
- inclusive & inspirational Collective Worship, inviting all to grow in faith
- excellent Religious Education, enabling children & young people to reflect critically & explore faith, belief & Christian responses to life's big questions
- hospitality, hope and love to children, young people, and households
- a sense of belonging to those of all faiths & none, building community near & far, local & global

None of our schools can achieve this on their own. We are a family of church schools and partnership is a fundamental principle. Partnership takes many forms including relationships with other church and community schools, local clergy, church community and the wider diocese through the DBE.

Derby DBE receives no public money. It is reliant on income from investments (closed church schools) and from the wider diocesan budget (ultimately from the voluntary giving of churchgoers). By signing up, your school is making an important contribution to our partnership. Each school is a valued part of the Diocese of Derby and so the DBE is committed to support each valued, family member. This document summarises services offered by Derby DBE under the following headings:

1. Religious Education, Collective Worship & SIAMS
2. Training & Development Opportunities
3. Leadership & Management, including Church School Ethos
4. Governors, Governance & Admissions
5. School Buildings & Diocesan Trust Deed Issues

Most diocesan Church of England schools subscribe to a DBE Partnership Agreement. We are very aware of the constant demands on schools' budgets and seek to provide our support at an affordable level. Schools will usually recoup the cost of signing up.
